

DokuWiki

DokuWiki is a simple to use and highly versatile Open Source [wiki](#) software that doesn't require a database. It is loved by users for its clean and readable [syntax](#). The ease of maintenance, backup and integration makes it an administrator's favorite. Built in [access controls](#) and [authentication connectors](#) make DokuWiki especially useful in the enterprise context and the large number of [plugins](#) contributed by its vibrant community allow for a broad range of use cases beyond a traditional wiki.

Read the [DokuWiki Manual](#) to unleash the full power of DokuWiki.
